

What is Cyber Insurance and how does it protect me?

SherpaTech
INSURANCE SPECIALISTS FOR TECH & IT

Cyber liability insurance

**protects businesses from
internet-based risks.**

Coverage may include:

First-party losses such as

ransomware, data breach, and

hacking; third party losses to

your clients; as well as crime

and social engineering.

**How does it
protect me?**

In the event of a data breach it can:

Access specialists to mitigate damage.

Compensate you for the losses.

Restore lost information.

Resolve the cause of the problem.

Looking to protect your
business in the event of
a cyber attack?
